**Fabco-Air F Series Round Body Cylinders**

**FABCO-AIR**  
A member of Festo Group

ROUND BODY AIR CYLINDERS

# F Series

When it comes to light-duty, space constrained applications, Fabco-Air F Series air cylinders will satisfy all your requirements. The F Series is built tough. Featuring a 304 stainless steel air cylinder tube and 303 stainless steel, ground, polished and roller-burnished cylinder rods, these durable cylinders perform reliably in harsh conditions.
